# your HARBORCREEK MAGAZINE

Winter • 2021 • Volume 6 • Number 3

2021 is in the books – and yes, it's been another “different” type of year, but through it all, your Harborcreek Township employees, whether Roads and Parks Crews or Office Staff, didn't miss a beat. We are extremely proud of all township employees who have continued to work through this pandemic to make Harborcreek a great place to live, work, and play.

As 2022 approaches, we are looking forward to a year of fantastic park improvements including the debut of the Whitford Park Pickleball Courts along with other upgrades throughout the Parks System. You'll also see several road improvement projects including but not limited to the repaving of Ridge Parkway between Saltsman and Hannon Roads. 2022 also looks incredibly promising in the retail and commercial segments of Harborcreek as Chipotle, Modwash, Donato's Pizza, and Fyzical Therapy now call HC Home – and signal only the beginning of what could be a very prosperous new year to the commercial corridor of Harborcreek.

The entire Harborcreek Township team wishes you all a very Merry Christmas and Happy New Year.

**Happy Retirement,  
Wayne Boyd**

Harborcreek Township is saying "Happy Retirement" to one of our longest tenured employees, Garage Manager Wayne Boyd. After 37 years of plowing snow, turning wrenches, responding to EMS calls and just about everything else imaginable as a township employee, Wayne is anxious to have more time to spend in the woods tracking down a trophy buck and enjoying life down at camp!

## Harborcreek Residents... Savvy Citizen® is now available!

Harborcreek Township would like to introduce Savvy Citizen. Savvy Citizen is a FREE notification system for Apple and Android users that will enable the township to send information about important township news and events directly to residents' mobile devices. Residents may access Savvy Citizen by downloading the smartphone app, visiting the website below or scanning the QR code with your phone's camera.

No phone? No problem. Savvy citizen gives 3 options for delivery (push notifications, text messages, and email). Visit <https://savvycitizenapp.com/>, sign-up and choose email as your delivery method.

Become a Savvy Citizen - You decide what information you want and how you want to receive it.

## Keep it in the Creek Week A BIG SUCCESS!

When you consider what's great about Harborcreek, you have to include our businesses. From their support of local athletics, to giving of their time to our local events, even helping fund local causes, our businesses help make Harborcreek the incredible community that it is. 'Keep It in the 'Creek' was created so the community could show its gratitude to the local businesses by keeping their dollars in the 'Creek'.

This year, the Harborcreek Community Engagement Team decided to make 'Keep It in the 'Creek' a weeklong event. While the focus was to inspire residents to spend their money only in Harborcreek, the businesses just couldn't help finding ways to give back. From drawings to raffles to equipment demonstrations, both the business community and residents benefited from a great week of truly "shopping local"!

*"We really enjoyed participating! We gave away gift baskets and it really set off the start of our Fall celebration!"*

*We love keeping everyone beautiful in Harborcreek!"*

*Susan Hanson -  
Expressions Salon*

*"We had a lot of fun. We gave away a Husqvarna leaf blower, we had free raffles for boots, gift certificates - we even invited one of our reps to come give a demo in the parking lot for our customers. It was exceptional!"*

*Nichole Curtis -  
Ace Supply*

*"It was great for business. Everyone knew it was that week, so we had a drawing and posted the winner on Facebook. It really led to an increase in business for us!"*

*Mike Thompson - Spartan Gourmet Coffee and Cafe*

## Christmas Tree Recycling in HC

When it's time to "un-deck" the Halls of Christmas 2021 – remember that you can drop off your undecorated Christmas tree in the marked bin located adjacent to the Township Municipal Garage. All trees dropped off must be free of tinsel, garland, lights, and other decorations. Artificial trees and holiday plants are not accepted.

# HC Light Up Night

**Friday,  
December  
10th 6-8 p.m.**

**Activities  
will be just  
west of HC  
Municipal  
Building.**

**Parking  
available at  
municipal  
building.**

**Surprise  
visit by your  
favorite  
Christmas  
movies!**

**Santa will be on hand in the Hilinski Barn  
to visit with children**

## BUSINESS IN THE CREEK

### Spartan Gourmet Coffee Arrives in Harborcreek

If you're driving Route 5 and see the lights on at Nostrovia Brewing Company at 6 a.m., there's a good reason why: Spartan Gourmet Cafe has come to the 'Creek. This family-owned small business has paired with Nostrovia, as their host, to bring freshly-roasted gourmet coffee to town.

The Thompson family of Fairview first opened their roastery in June of 2020. Kyle Thompson will tell you that roasting is not a simple process. It's complex, requires precise equipment, and includes a lot of science. Roasting involves no assembly lines or factory equipment.

However, it's not so simple as throwing a bucket of green coffee beans into a big machine, letting them swirl around for a bit, then dumping the roasted coffee out. There are hundreds of chemical reactions that take place within the 10 or 15 minutes it takes to roast a batch of coffee, and controlling these can be quite difficult. Small changes in temperature, humidity, airflow, and time can make dramatic changes to the final cup, so roasters have to be very precise with their roasting routine and environment. Coffee roasters are craftsmen who want to do right by their customers and the coffee.

Nostrovia offered to host Spartan Gourmet Cafe in March of this year. You can grab a cup of house coffee for only a few dollars, and espressos, lattes, cold brews, pour over coffees, teas, and much more can be found on the menu. Coming in to the cafe not just for a cup of coffee, you can also grab a bag of ground or whole bean coffee to go, muffins, doughnuts and light fare, and gift cards are for sale. If you visit the website you are able to order online, purchase digital gift cards and even blend your own coffee.

***Spartan Gourmet Cafe is open  
Wednesday through Sunday  
at 4415 East Lake Road,  
or you can visit them online at:  
spartangourmetcoffee.com***

## Old Man Winter Will Eventually Return

We certainly don't want to rush the winter weather in but here are a few tips regarding Harborcreek Township Winter/Snow removal operations.

While snowplow drivers never intend to damage lawns located within the township right of way- when a driver is operating a vehicle that weighs in excess of 20 ton, there is the possibility that the wing of the plow may encroach into your lawn – which, please remember, is still in the right of way. To assist the drivers, you may want to install a few flexible plow markers in your yard. Also remember that the purpose of snow plowing is to remove snow from the roadway. Drivers do not intentionally “plow in” driveways. In addition, please see the Mailbox Installation regulations so that plow wings can remove snow effectively.

A reminder that parking along Township Roads or in the adjacent right of way is prohibited between October 15 and April 15 of each year for the purpose of snow and ice clearing by township personnel. We ask for your compliance with Ordinance 39-1966-1.

## Winter Weather Outlook – Harborcreek Roads Crews Are Ready

No matter what the experts are predicting, rest assured that your Harborcreek Township Roads Crews are ready for whatever Mother Nature deals us.

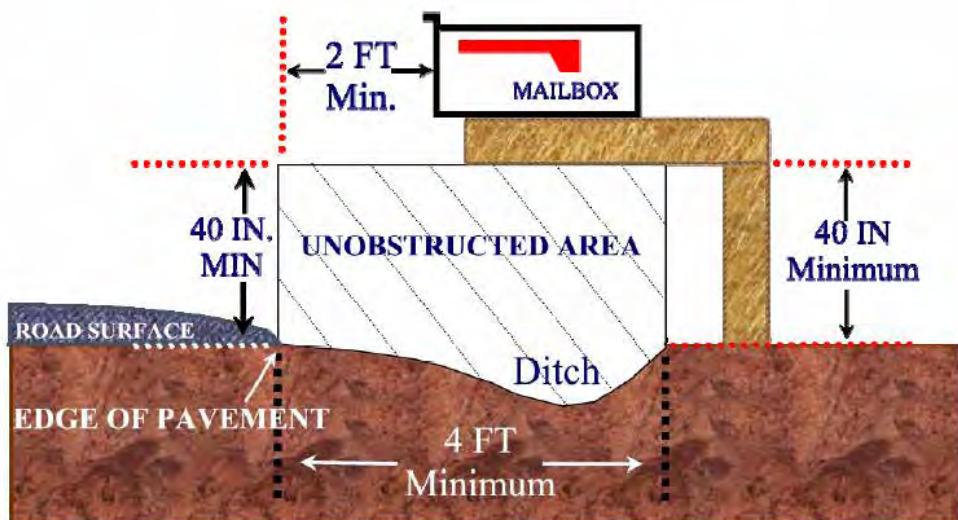

Many prediction models are showing near normal to warmer than average temperatures in the Great Lakes area and a decent chance that precipitation could be slightly above normal.

With snowplows ready, salt and antiskid in stock and an experienced group of drivers ready – Harborcreek Township residents can feel confident that crews will keep an eye out 24/7 to make your drive as safe as possible.

### Mailbox regulations in accordance with the diagram below:

1. The support post should not be placed in the drainage ditch. If the berm is too narrow, the post should be placed on the backside of the drainage ditch.
2. Support arms longer than 4 feet should have angle supports which do not extend into unobstructed area which allow for snowplows.
3. The newspaper box should be attached to the support arm. This box should also not extend into the unobstructed area for snowplows.

**Harborcreek Township will not repair and will not be responsible for any damage to mailboxes which are not installed to these specifications.**

## Waste Management – At Your Door Service.

It's as simple as calling 1-800-449-7587 to set up a collection appointment.

### Attention Residents of Harborcreek Township, Pennsylvania

#### Home Collection Program for Household Generated Special Materials

As part of the residential solid waste and recycling contract with Waste Management, you have a convenient opportunity to dispose of your household generated special materials- safely, easily and responsibly. The At Your Door Special Collection<sup>SM</sup> program, a residential service offered by Waste Management, continues to provide year-round collections for you.

#### HOW DOES IT WORK?

##### 1. To Participate, you must set up a collection appointment.

There are three ways to schedule a collection:

- Go to [www.WMATYourDoor.com](http://www.WMATYourDoor.com)
- Call 1-800-449-7587 (Monday-Friday 8:00am-8:00pm Eastern Time)
- Email [AtYourDoor@WM.com](mailto:AtYourDoor@WM.com)

The Call Center Representatives will guide you through the steps toward a safe and successful collection. You will be asked several questions, including your address and the type and amount of materials available for the pick up. You will be provided a convenient collection date and information about where to place the kit for collection. A kit will be sent to your home in plenty of time for you to gather and pack your materials.

##### 2. Preparing for collection

The collection kit includes an instruction sheet and other items to help pack and secure your household generated special materials. Please read the instruction sheet included in the kit.

##### 3. Material is collected

On the scheduled date, the service technician will collect materials directly from your home. They will sort and pack the materials for proper transportation, recycling and disposal. Participants will receive a postage-paid survey card to complete and mail back to help track the program.

##### 4. You have more material than will fit into the Kit?

Remember, this service is available year-round. Just schedule another collection! Small quantities may be combined with your neighbors. Call Center Representatives are available from Monday - Friday 8:00 AM - 8:00 PM ET. Leave a message after hours, weekends and holidays. Email the Call Center: [AtYourDoor@WM.com](mailto:AtYourDoor@WM.com)

**Managing Household Hazardous Waste:** The best method of managing Household Hazardous Waste (HHW) is to prevent its generation in the first place. This involves selecting the least toxic item "to do the job" and buying only the minimum amounts necessary. Buying in large quantities is not a bargain if half of it has to be discarded. In the future, please consider buying environmentally friendly products.

##### Did You Know?

Latex paint is not a hazardous waste. It can often be donated to community groups and other organizations for re-use. Please consider this option before disposal.

Used motor oil is not hazardous, but may pollute our groundwater, waterways and soil if not properly managed. Many automotive station, auto parts and supply stores will accept used motor oil for recycling.

Automotive batteries may be exchanged at the place of purchase. Many battery retailers offer recycling even if you are not purchasing a new battery. In some cases, there may be a charge. Some scrap yards will also purchase lead acid batteries.

For more information on HHW, visit DEP at [www.dep.pa.gov](http://www.dep.pa.gov) or at [www.pa.gov](http://www.pa.gov)

THINK GREEN.

## A Few Winter Considerations

With winter weather fast approaching we want you to be aware of a few tips that can keep you and your family safe this winter season.

First off, driving in the winter means changing the way you drive. Snow, sleet and ice can lead to hazardous road conditions. Drivers should take precautions to ensure they will arrive safely at their destination. By doing a few things like checking the weather before you go out, making sure that your car is prepared for winter and knowing the best practices for avoiding accidents you should have little trouble driving in the winter weather.

Another thing that most people don't consider is the danger in shoveling snow. Shoveling snow is a major winter activity in our area and taking a few precautions can help you prevent unnecessary pain and suffering. Many doctors believe that picking up a shovel and moving hundreds of pounds of snow, after doing nothing physical for several months can be a big strain on your heart. Do not pick up a shovel without a doctor's permission if you have a history of heart disease. Doctors offer a few recommendations before and as you shovel, like taking it slow and

stretching before you shovel, push the snow rather than lifting it and do not work to the point of exhaustion. If you feel tightness in the chest or dizziness, stop immediately. Remember, a clear driveway is not worth your life.

And finally we address the silent killer, Carbon Monoxide poisoning. Carbon Monoxide detectors save lives, but less than one-third of homes in America have one installed. With December and January at the peak of CO poisonings please remember these following tips: Replace the battery for your home's CO detector each spring and fall, do not heat your home with a gas range or oven and never run a car or truck inside an attached garage. And if your CO detector does happen to sound do not try and find the source. Immediately move outside to fresh air, call the gas company or 911 and do not enter the structure until someone of authority has given you permission.

By following all or some of these recommendations you and your family can enjoy this winter season safely while counting down the days to summer of 2022.

Continued from previous page

**This chart shows the typical materials we collect that must be placed inside the Kit for collection. Plus those items that may be placed outside the Kit.**

Examples of Acceptable Materials that <b>MUST</b> be placed <u>inside</u> the Kit Bag					Unacceptable Materials	
Automotive Products Antifreeze Brake Fluid Cleaner Hydraulic Fluid Transmission fluid Motor Oil Oil filter Polish Wax Gasoline Diesel fuel	Paint Products Latex Oil-based Thinner Artist's paint Spray paint Stain Sealer Caulk  Mercury Thermostats Thermometers Switches	Household Cleaners Ammonia Cleaning Compounds Floor Stripper Drain Cleaner Tile/shower cleaner Rust Remover	Flammable & Combustible Materials Kerosene Solvent Cetene cleaners  Swimming Pool Chemicals Pool Acid Chlorine: tablets, liquid	Garden Chemicals Insect Sprays Weed Killers Herbicide Fertilizer Pesticides  Misc. Household Batteries Hobby Glue	Items Improperly Packaged for Transportation	All Medicines
Vehicle Batteries  Up to 4	Fluorescent Tubes and CFL's  (placed inside their original sheaths or taped together)	Televisions  Up to 1	One Computer System: 1 each- CPU/tower Monitor Keyboard Mouse Desktop printer	Electronics (with circuit Boards): CD Rom, VCR, cell phones, DVD/CD/tape player, Related Cords Up to 25 lbs.	Biological Waste  Construction Materials  Smoke Detectors  Unknown Materials  Pressurized Cylinders  Ammunition  Leaking Containers  Items in Containers Over 5 Gallons  Commercial Products  E-Cigarettes	Empty Containers  Asbestos  Tires  Radioactive Material  Fire Extinguishers  Explosives  Unlabeled Containers  Business supplies from homes  Trash, including bulky items
Acceptable Materials for Outside the Bag						

**MATERIAL THAT WILL NOT BE COLLECTED:** We do not collect any materials in unlabeled or leaking containers. If you have questions about proper disposal methods for non-acceptable items, commercial chemicals or hazardous materials in containers larger than five gallons in size, please contact the Call Center (800) 449-7587.

# IN THE COMMUNITY

## Leisure Time Changes with Age

*Robin M. Margosian, CIC, CISR*  
*robin@laskins.com*

### Ensure Your Insurance Adjusts, Too

Strolling in the park with a four-legged friend, participating in a yoga class or training for a 5K: everyone uses their free time differently. According to the Bureau of Labor Statistics, on an average day,

nearly everyone aged 15 and over (96 percent) engages in some sort of leisure activity.

Socializing and communicating, such as visiting with friends or attending or hosting social events, accounted for an average of 39 minutes per day. And no surprise, people spent about twice as much time socializing on weekend days (58 minutes) as on weekdays (31 minutes).

The study found time spent on leisure peaks at age 15 to 19 years (5.60 hours) and then trails off until age 65. People age 35 to 44 only enjoy 3.95 hours per day, but then it steadily increases to 4.55 hours (45 to 54 year olds) and 5.42 hours (55 to 64 year olds).

Employed adults living in households with no children under age 18 engaged in leisure and sports activities for 4.5 hours per day, 1.2 hours more than employed adults living with a child under age 6.

"People are busy and enjoying life should be part of that time. They don't want to take extra time in their day to think about insurance, and we get that. That's why we're here to help, when, where and how they need us," said Robin Margosian, Laskowski Insurance Agency. "We get to know our customers so we can help them choose the coverages they need – not what they don't." said Robin.

Robin says a simple step is including features like 100% Guaranteed Replacement Cost\*—only available with ErieSecure Home from Erie Insurance. It guarantees that if your home is damaged by wind, fire or storm, ERIE will repair it so that your home is not just restored to the same condition it was before the damage, but made better with the new materials.

"When you trust your home is secure, you can enjoy more of the things that make you feel good," said Robin. "It's peace of mind knowing your home is protected while you're out enjoying your valuable free time with friends and family."

***Anyone who has questions about homeowners insurance or  
Guaranteed Replacement Cost coverage is invited to contact:***

# BUSINESS IN THE CREEK

## Sassy Styles: Meeting Community Needs

Welcome to Sassy Styles: a female-owned small business full service hair salon. Opened in January 2013, by Harborcreek resident Leah Ann Prinzi, this salon is located at 1905 Roberts Road.

Sassy Styles differentiates themselves from other salons by specializing in offering services to children and adults of the autism community. The clients from this community come from all over to get cuts from Leah, and they range as far north as Dunkirk, N.Y., and south to Grove City, PA. Being a mother of an autistic son, Leah understands the specific needs of these clients, and knows how to make a visit to Sassy Styles a comfortable experience. She has special treats and toys for these clients and will schedule the salon to be empty during appointment time. She will turn the music off and keep the lights low so that the experience is a safe-feeling one for those from the Autism Community.

Tracy Feedak joined the salon recently as partner, and along with her came her long standing list of Harborcreek clients. Together the women have pulled through the pandemic and kept the business safely open. In addition to special needs clients the women offer classic services to our community and do special events such as wedding parties and other large groups.

Leah also steps outside of their salon to offer her services to the veterans at the Soldiers and Sailors Home. Her goal in doing so is to use her services to bring happiness to the veterans as a way of giving back. She takes away with her these experiences and the many stories the veterans share with her during her time at the home.

*Sassy Styles continues to be a safe salon to visit through the pandemic and the women look towards the future of meeting and adding new faces to their long list of clients.*

*You can reach the salon at (814) 602-3936 for Leah Ann and (814) 403-2319 for Tracy.*

## Continuous Improvement Working Together!

If you have driven past Whitford Park or have been to Six-Mile Creek Park in the last few months, you may have noticed some changes. The Harborcreek Township Parks Commission has been working with some of our residents to improve our parks, and what you are seeing are the results of that teamwork.

Back in early 2020 the Park Commission identified Whitford Park sport courts were in need of an update. Noting the current tennis surface was in need of repair it was decided to look into converting the surface from tennis to a new exciting sport, Pickleball. Jim Perotto and members of the Erie Pickleball Players Association Inc., (EPPA) came in to help and advise. With EPPA advice, it was decided to resurface the sport courts. Shortly after end of summer Harborcreek's talented road crew applied a new asphalt surface. This new surface needs to age and come this spring new sealer and acrylic colored pickleball and basketball courts will be ready for play!

In early 2021, the Northern Allegheny Mountain Bike Association (NAMBA) presented a multi-use trail proposal for Six Mile Creek Park that was ultimately approved to allow for mountain bike enthusiast to safely share the park with hikers and horseback riders.

The Harborcreek Parks Commission is made up of an administrative member, Parks Supervisor and Parks Coordinator along with an Advisory Board. As an advisory board to the township supervisors, the Parks Commission is looking for more great ways to continuously improve

our parks for the community. We are always open to new ideas for consideration and implementation. Have an idea for parks improvement? Here are some of the steps that helped EPPA and NAMBA get their ideas into action and implemented.

**Have a plan** – As a board, we want to understand what your goal looks like, and it's also important to know what steps need taken to get there. The more clearly you can articulate the plan, the easier it is for the Parks Commission to understand it and communicate it to township leadership.

**Show an example** – Success stories matter. Provide examples where a similar idea to yours has been implemented and share testimonials about how that positively impacted the community. Is your idea completely original and never been done before? That's okay too, just understand that it will take longer to vet through the process.

**Have the resources** – Harborcreek Township does an amazing job managing its resources. Additional burdens, whether financial or physical, must be moderate in nature. Any resources you can provide, whether its in the form of labor, grants, sponsorship, etc, will help the chances of approval.

**Be patient** – There is always a process to approvals – between allowing the board to consider it and having back-and-forth discussion, having lawyers review the proposal, allowing the community to provide feedback, to ultimately having the Township Supervisors vote on it – remaining patient (and positive) is critical to the success of your idea.

**Demonstrate the community's enthusiasm** – when EPPA and NAMBA showed up to the Parks Commission meeting to present their idea, they ensured there were a lot of supports in the crowd. This demonstrated that this was more than a single person's desire, but a really a call to action from the community.

**Be open to feedback** – The parks are for every resident of Harborcreek and as a board, we try to ensure we protect the parks for everyone's usage.

While following this guidance doesn't guarantee approval, it certainly helps. If you are interested in attending a Parks Commission meeting, they are held on the third Monday of every month at 6:00 pm in the township building.

### REMEMBER!

## New Pickleball Courts at Whitford Park

Pickleball is the fastest growing sport for aged 55 and older adults in the U.S. It is played by ages 8 to 80 by boys and girls and adults alike. Now, thanks to Supervisor Steve Oler, Dave Eaglen, Supervisor Tim May, Owen McCormick, and Jim Perrotto, two new pickleball courts will be installed at Whitford Park in Harborcreek in the spring of 2022. A new basketball court will be included in the renovation.

Pickleball began in 1965 by Congressman Joe Pritchard and friend Bill Bell. The property at their homes in Banbridge Island, WA had an old badminton court and net but no equipment. Instead they had paddleball paddles and a wiffle ball. The men created rules and began to play. Now, 66 years later, pickleball is a multi-billion dollar business that is played by millions of people. The name pickleball came from the name of the family dog, Pickles, and by the shape of the paddles that are used today.

Six years ago Jim Perrotto, Randy Lightner, Rosella Kvitowski, and Karen Pascale started playing one day a week at the Eastside YMCA. Today

there are 150 pickleball players and the game goes six days a week at the facility.

When Covid hit, the YMCA closed. Jim Perrotto asked Tim May if lines could be placed on the tennis courts at Whitford Park so that the game could be continued to be played in a safe outdoor environment. This was done and the game went on.

This past year the Harborcreek Parks and Recreation Board lead by Steve Oler and Dave Eaglen got involved and helped to raise money to pave the courts at Whitford Park. Owen McCormick donated the paving materials, and Harborcreek Township did the paving. The new courts will be installed by spring of 2022.

The Erie Pickleball Players Association will provide free lessons to beginners, would like to start some leagues in the afternoons and evenings. This is a fun game and all ages are welcome.

## DAY TRIP DISCOVERY

### Hartfield Flea Market

6167 Plank Road, Mayville NY 14757

Only a 45 minute drive from Harborcreek, the Hartfield Flea Market is a great destination to explore.

Fourty-four years ago, in Hartfield, an outdoor flea market was started on the ground of the Mayfield Dart Airport. The goal was to provide an outlet for the community: A family-oriented place to spend your weekend hours, see your neighbors, and buy and sell goods.

Six years ago, the flea market moved indoors in an effort to provide a year-round retail experience for buyers and the 85 different vendors. Goods range from every day household items, collectables, toys, clothing, and tools, to rare and unique antiques and furniture. You can easily spend hours wandering through this market learning history, finding useful home goods, and discovering rare collectables. The holidays are upon us and hand-made goods, local souvenirs, and unique gift items are all offered here. Keep in mind that this is a cash-only market. HFM is open Thursday through Sunday 10am to 5pm every week, all year round. Additional information can be found on Facebook or call (716) 753-6950.

# HEALTHY AROUND HARBORCREEK

## Rein in Nighttime Charley Horse

Debbie DeAngelo, RNC, BSN  
Health Coach & Ballroom Dance Instructor  
[debbie@healthonheels.com](mailto:debbie@healthonheels.com)

At some point, most people have become well-acquainted with the gripping pain in their calf that can launch them out of a sound sleep.

Yep—the dreaded charley horse. These excruciating muscle contractions can take hold of any muscle, day or night, but frequently affect the thighs, calves and feet. Since 60% are of the middle-of-the-night variety, those are the ones addressed here.

There are a handful of common beliefs about the origins of the charley horse; however, the causes are not entirely understood. Two popular speculative reasons are dehydration and low levels of electrolytes, like magnesium and potassium. Current thinking suggests these painful contractions are triggered by muscle fatigue and involuntary firing of the nerves that stimulate the affected muscle.

Although straining and overusing the muscles can leave them vulnerable to a charley horse, so too, can being sedentary or failing to stretch prior to exercise. Other risk factors are prolonged periods of sitting or standing, pregnancy, aging and poor circulation. Additionally, specific medications can make you prone to them. These include diuretics (water pills) as well as medicines used to treat high cholesterol, high blood pressure, asthma, osteoporosis and nerve pain.

When it comes to preventing a nighttime charley horse, pay attention to these areas.

**Sleep position.** Any time your toes are pointing downward for prolonged periods, your calves are tightening. That means sleeping on your back, especially with heavy covers weighing down on your feet, sets you up for them. To relieve this pressure, roll up a blanket and place it beneath the covers by your feet to “tent” them. Sleeping on your stomach with your toes lying flat against the bed should be avoided too. Remedy this by placing a folded blanket beneath your shins.

**Stretching.** Loosen up tight leg muscles during the day and before turning in. Stretching exercises, massage or foam rolling all work.

**Moving.** Keep your blood circulating by getting up and moving frequently throughout the day. Avoid remaining in the same position for hours on end. Conversely, exercising to the point of over-exertion isn’t recommended either. There’s a fine balance here.

Once you’re in the throes of a charley horse, try to flex your toes up toward your head. For a greater stretch, wrap a towel or necktie around the ball of your foot and pull it towards you. If you suffer from frequent bouts, be sure to keep these items next to your bed. If the cramping isn’t relieved or it’s in your foot, thigh or shin, get up and walk around. Bearing weight often helps the muscle to release. Massage and applying heat facilitates relaxation of the muscle too.

There are countless over-the-counter products on the market geared toward halting a charley horse. The only way to know if they will work for you is to experiment with them. Also, keep in mind that there are underlying medical conditions, such as impaired circulation to the extremities, which can result in leg cramps. If they become frequent, severe or are accompanied by other changes in your health, be sure to bring it to the attention of your health care provider.

# HARBORCREEK HISTORICAL SOCIETY

## Penn State Behrend Sees Changes to Historical Buildings

*Provided by the Harborcreek Historical Society*

Penn State Behrend recently said a fond farewell to Erie Hall which is being replaced by a new complex. Planning for Erie Hall began within a year of the opening of the campus in 1948. All of the standing buildings from Glenhill Farm were in use and space was at a premium. Physical education classes were taking place outdoors and in off-site locations and there was a need for more office space. The Behrend Advisory Board envisioned a recreational space for their students and for the wider community and in the early years local schools, including Wesleyville, used the space for dances and commencement. Edwin Nick oversaw the campaign, and the first donor was Mary Behrend, who pledged \$1000. Because the money was raised locally, the decision was made to name the building Erie Hall. Besides sports, offices, and academic work, Erie Hall was also the scene of a popular campus event, Duffy's Tavern, which was a talent show. The building saw several renovations over the years, including the construction of some walls in the basement by Behrend engineering students, but it no longer fits the needs of the campus.

The Federal House, meanwhile, is getting a facelift and an addition. Thomas Rees built the house, which he sold to Thomas Bonnell in 1838. For half a century it was passed down through several generations of the Bonnell family until the estate of Richard Bonnell sold it in 1891 to John Van Scoter (Vanscoter), the first of a series of short-term owners. Van Scoter, who had made a fortune in petroleum, continued to live in his home on Erie's Millionaire's Row and hired Frank and Appolonia Geil to live there and farm the land for him. Van Scoter was the widower of Helen Morrison Van Scoter, whose sister Ella lived down the street with her husband Charles Reed in what is now the Erie Club.

Widow Dora Schultz purchased the property in 1894. It was convenient to her teaching post at Gospel Hill School. She was quite active in the community serving as President of Ladies' Relief Corps, Secretary and Chaplain of the Union Patriot Club, and was a member of the Utopian Social Circle of the Woman's Christian Temperance Union. On January 4, 1897, moments after she was installed as president of the local Woman's Relief Corps (the women's auxiliary to the Grand Army of the Republic), a messenger interrupted her remarks to tell her that her home was on fire. The second story and roof sustained major damage.

*The 1952 groundbreaking for Erie Hall. (Photo courtesy of Behrend Archives)*

*Many layers of wallpaper in the Federal House in 2019 before the current renovation. (Photo courtesy of Behrend Archives)*

Mrs. Schultz sold the home in 1908 to Jay and Effie Lathrop who farmed it until 1912, when it was purchased by Reverend Ira Sartwell of Wayne Baptist Church and his wife, Ida. They occupied the home until 1919 when it became the homestead for two generations of the Miller (Mueller) family. Edward Miller worked as a blacksmith for the New York Central Railroad for 58 years, while his wife, Rose, was a housewife. Their daughter Mildred and her husband, Edward Klinger, raised her family there and sold the property in 1967 to Floyd Smith, owner of Automation Devices, who donated it to Behrend in 1988. The Smith Chapel is named in his honor.

The home is said to have been a stop on the Underground Railroad. Richard Bonnell's wife, Sarah, was the sister of Frank Henry, a well-known participant in the cause, though she and Richard were not living in the home when the Railroad was active.

## Visiting the Gifford-Blanchfield House

The Gifford-Blanchfield House is open Saturdays 10:00 a.m. – 2:00 p.m. For additional information, contact us at (814) 899-4447 or [harborcreekhistory@gmail.com](mailto:harborcreekhistory@gmail.com), or visit our website at [www.harborcreekhistory.org](http://www.harborcreekhistory.org).

Just as the weather is changing, so is the experience of visiting Downtown Erie! After several years of planning and construction, the **FLAGSHIP CITY FOOD HALL** is finally open to the public and we can't wait to see you all there!

Located along North Park Row in the center of Erie, the Flagship City Food Hall is an exciting place to bring the entire family and experience a diverse collection of local culinary talent all under one roof! Here, you will find **Taste of Love, Lucky Louie's Beer & Wieners, Shawarma Station, Noodle Love, Dina's Dominican Restaurant, Taste & See Fruit and Veggie Bar, Perry's Pies and Pints, Blue Willow Bakery and Café, and Straw Hat Sundae Shop!**

We sincerely hope you are as excited about this as we are. Each of the vendors mentioned here have wonderful stories and cannot wait to share them with you. We sincerely hope you come down to visit soon and meet them for yourself!

# VOLUNTEER FIRE DEPARTMENTS

## Fairfield Hose Company

Hello Residents of Harborcreek Township!!

Wow what a year this has been!! 2020–2021 has definitely been a different kind a year for all the members of the Fairfield Hose Co, Brookside Fire Company and Harborcreek Fire Department. Covid 19 has changed the way we operate as a whole, but hasn't changed the way we treat patients and / or serve the community on a daily bases with medical, fire and rescue calls. We are still providing service to the community 24 hrs a day 7 days a week. We want to assure the residents of Harborcreek that we are there for you during the crazy pandemic!!

We have trained very hard over the last several months to better prepare our members for all the new stuff that is happening in the world. We appreciate the continued support and please never hesitate to call us for any type of emergency.

This year marked the 76th Anniversary of Fairfield Hose Company. Sadly we weren't able to celebrate our 75th year like we wanted to but, we are to be moving forward with our plans for a large 80th year celebration!! In 1945 a group of very concerned citizens knew that a solution was needed to meet the need for emergency services in the northern part of Harborcreek Township. Originally called the "East Lake Fire Dept" (Soon after switched to Fairfield Hose Company) a charter was formed and the members have been serving the community for 76 years!

In the month of October 2021 we held our annual elections of officers. Each year the members of Fairfield have the chance to vote for the new terms officers both on the operational side and administration side. Here is a breakdown of the 2020-2021 Fairfield Elected officers.

### Fire Department Administration

President – Jeff Hawryliw  
Vice President – Chris Morealli  
Secretary – Gina Brown  
Treasurer – Mandy Hawryliw  
Fin. Secretary – Ronald Hawryliw  
Junior President – Carlie Harper  
Sgt at Arms – Victor Parker

### Relief Association

President – Dennis Gaydos  
Vice President – Nick Kuchcinski  
Secretary – Gina Brown  
Treasurer – Alan Paulhamus  
Insurance Invesigator – Michelle Storicks

### Board of Directors

James Hawryliw  
Ronald Hawryliw  
Nick Kuchcinski  
Dennis Gaydos  
Peter Pekelnicky  
Alan Paulhamus  
Richard Pekelnicky

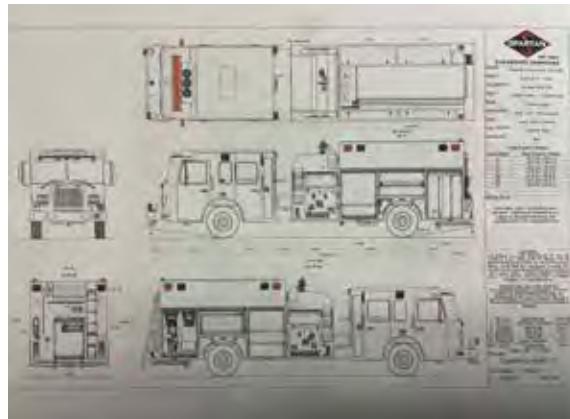

### Fire Department Line Officers

Fire Chief – James Hawryliw  
1st. Assistant Chief – Peter Pekelnicky  
2nd. Assistant Chief – Ronald Hawryliw  
Fire Captain – Jody Babcock  
Safety Officer – Richard Bell  
1st. Lieutenant – Nick Kuchcinski  
3rd. Lieutenant – Cara Babcock  
Fire Police Lieutenant – Victor Parker  
Junior Captain – Mike Vollmer

Fairfield Hose Company has always been built on the belief that community that we serve always deserves the best of the best. Our members work hourly, Weekly, Monthly, Yearly to train to be better EMS / Firefighters. We have recently welcomed some new members that no doubt will make Fairfield even better than before.

This coming up spring we will be welcoming our new 2021 Spartan Rescue pumper to our fleet. We are very excited for this purchase. Last year we received the Assistance for Firefighters (AFG) grant from the government for a partial payment for this fire engine. Stay tune for next spring when it arrived to Fairfield!

In closing I'm very excited for the future of Fairfield Hose Company. We have some of the best of the best in the emergency services!! The members train daily, Weekly, monthly on all the new and upcoming ways

to be a firefighter / ems professional. I would also like to take this opportunity to "THANKS" to our outgoing officers.

We thank the community for all the wonderful support!!!! Please don't hesitate to stop down ANYTIME and meet the members of Fairfield Hose Company!!

Jim Hawryliw, Fire Chief  
Fairfield Hose Company

Jeff Hawryliw, President  
Fairfield Hose Company

## Brookside Volunteer Fire Company

We hope this update from the Brookside Volunteer Fire Company finds you and your family well and healthy. We also hope you had a happy Thanksgiving and wish you a very Merry Christmas and a Happy New Year. During these difficult and trying times we want to assure our residents that we are still here serving the community in your time of need.

We have heard from many of our patients that they had been very hesitant to call an ambulance for fear of going to the hospital and catching the Corona Virus. Please do not hesitate to call an ambulance if you have a medical emergency. Do not put your physical health in jeopardy.

We want to thank all of you who have donated to us through our annual fund drive this year. This is our biggest fundraiser of the year. We also thank all of you who have supported us with our raffles and in various other ways during this year. These fund raisers pay the bills and keep the volunteer fire company running throughout the year. Please continue to support the Brookside Volunteer Fire Company as we continue to serve you in the future.

In October the fire company held an open house which allows us to meet our residents and show them around the fire station. It was also a celebration of our 75 years of serving the community. We want to thank all who attended, donated or helped us out for this event.

Also in October our annual fire company elections were held. Congratulations to the following individuals who were either elected or appointed to serve as company officers for 2021/2022:

Fire Chief: Brian Benovic

Assistant Chief: Mike Harrington

Deputy Chief: Kevin Tobin

Fire Captain: Jason Kehl

Rescue Captain: Todd Bishop

Rescue Lieutenant: Kurt Heidecker

Fire Lieutenant: Adam Hasson

Secretary: Marilyn Rinke

Fire Lieutenant: John DiBacco

EMS Lieutenant: Amy DiBacco

Safety Officer: Guy Lombardozzi

Fire Police Captain: Ralph Brown

Fire Police Lieutenant: Dan Williams

Fire Company President: Todd Bishop

Vice-President: Jason Kehl

We are always looking for additional volunteers to add to our ranks. If you are interested in joining the Brookside Fire Company or just want to check us out stop by the station on Tuesday evenings, which is our drill night, and we will be glad to show you around.

Again, we thank you for your continued support of the Brookside Volunteer Fire Company. Serving the community that we live and work in is both a privilege and an honor that we do not take lightly. Until next time, stay safe and stay healthy.

# HUSKY HAPPENINGS

## A Great Start to the School Year

It was great to see all the students back-to-school in August!

Here's a few highlights from the first quarter:

Clark students enjoyed a beautiful evening at Behrend's Family Fun night held on September 24th. Over 100 students and their families enjoyed an evening of making slime, painting rocks, paper airplane competitions, creating stress balls, creating bracelet/hair ties, making stuffed dogs and having fun with friends.

Klein Elementary established its first ever "Student Leadership Council."

This council consisting of 4th-6th graders will be facilitating service projects, leading school wide initiatives, and serving their school and community. The mission of the Student Leadership Council is, "Inspiring tomorrow's leaders by helping today's students ignite their passion, find their voice and unlock their potential to make a difference." Recently, the students had the opportunity to share their vision as well as lead the Pledge of Allegiance at the October Harbor Creek School Board meeting.

The Junior High's Multimedia Productions class has expanded its exposure this year. They have taken on some responsibilities with the morning announcements for the entire JH-SH building. They start each school day for the Junior and Senior High by leading us in the Pledge of Allegiance and sharing the lunch menu and a few brief announcements for the day.

At Rolling Ridge the Thanksgiving food drive took a "Twist" and centered around the school-wide Rock and Roll theme. Students brought in items that "shake, rattle, and roll" while they dressed as their favorite rock star. Big hair day and big items day was huge success. Rolling Ridge thanks everyone for their participation in both the school wide activities and the donations.

Rolling Ridge gives a big shout out to Mrs. Renne and her 3rd grade class for organizing this event and making it so fun!

The Senior High also had a great first quarter. All fall sports and activities were uninterrupted by COVID and it was fantastic to see our students thrive in the activities they love. The Senior High hosted Homecoming festivities all week long in October which included the Homecoming dance under the stars this year. To round out the first quarter, the Senior High Food Drive was a huge success!

## And, Here's Some Sports Field Highlights

Don't miss all the action! Get your season pass for the next round of great high school sports! See all the home games! Be a part of the fun! Form on the last page!

# HUSKY HAPPENINGS

## Winter High School Sports Schedule

Get your season pass to all the home game sports!  
See the last page for the form...

# DEVELOPMENT UPDATE

*Come Join Us!*

Sunday In-Person Worship Service at 10:00 am  
We follow COVID Protocols  
Children's Sunday School 10:00 am

## South Harborcreek United Methodist Church

7929 McGill Road ~ Harborcreek, PA 16421 ~ (814) 899-5962  
[southharborcreekumc.org](http://southharborcreekumc.org) or [www.facebook.com/southharborcreek](https://www.facebook.com/southharborcreek)

Please join us for our Advent Bible Study, ***The Journey: Walking the Road to Bethlehem***. The author, Adam Hamilton, travels from Nazareth to Bethlehem in a fascinating look at the Birth of Jesus. It's a 4-week study and you can choose from any of these starting dates and times:

Thurs., Nov. 18 @ 6:30 p.m. • Sun., Nov. 28 @ 5:00 p.m.  
Tues., Nov. 30 @ 9:30 a.m. • Wed., Dec. 1 @ 1:00 p.m.

We will have two wonderful Candlelight Worship Services on Christmas Eve at 4:00 and 6:00 p.m.

## Subdivision Update:

The Board of Supervisors approved 6 Minor Subdivision Plans that consisted of 1 newly created lot, 3 parcel replot, and 2 consolidated parcels.

## Land Development Happenings...

By now, you have seen some construction activity in the Giant Eagle Plaza. **Chipotle Mexican Grill** received their zoning and building permits in June for a 2,325 sq. ft. building. Anticipated opening date is by the end of 2021.

**Donatos Pizza** has a new home in Harborcreek. The owners are renovating an existing office/garage repair shop located at 4829 Buffalo Road. This location will feature a drive-thru window as well a dine-in eating. Expected to open by end of this year.

**SERVPRO** has a new location... in Harborcreek. They specialize in the cleanup and restoration of residential and commercial properties after a disaster. Their new location is 4844 Buffalo Road.

Harborcreek Township expects more business locating to our community as we have been busy behind the scenes! Stay tuned.
